SJ-411 Series

With the ability to collect data straight to your pc using our U-WAVE Wireless Software and various accessories for further applications, Mitutoyo's SurfTest SJ 410 Series gives you a higher quality control level while maintaining a user-friendly measurement experience.

* SJ-410 Series with U-Wave Technology

The 410 Series also gives you extra measurement capability, by using the same roughness measurement data to perform simple contour measuring functions (fine contour).
