# CoroDrill® 860\*

High performance drills optimized for steel, stainless steel and aluminum

## CoroDrill® 860

860-PM: **P**

Long and short-chipping steel materials, such as unalloyed steels, low carbon steels, low-alloy steels, high alloy steels and steel castings.

860-MM: **M**

Long-chipping stainless materials such as austenitic, super austenitic, ferritic and duplex stainless steels

860 GM: **P M K N S H**

CoroDrill® 860 with -GM geometry is a high-performance drilling solution for short holes primarily in steel, stainless steel, cast iron and hardened materials.

Standard diameter range 3–16 mm (0.118–0.629 inch)

Drill depth 3–8 × drill diameter

Single- and two-diameter tools as standard

Body tolerance m7

Achievable hole tolerance H8–H9

\*Exclusions Apply
